Harworth

CHATTERLEY PARK

The 106-acre Chatterley Park site is adjacent to the A500, in close proximity to Junction 16 of the M6.

Chatterley Park will drive economic growth in Stoke-on-Trent and Staffordshire. Reinforcing the areas reputation as a logistics hub and a centre of manufacturing excellence.

Once completed, the 1.2 million sq ft development is expected to support 1,700 jobs, providing a significant boost to economic activity, skills and job density in the local area.

- Design and build opportunities from 25,000 to 518,000 sq ft
- No height restrictions
- 10.5 MVA power secured site wide. Further capacity available
- Direct access to J16 M6 via A500
- Well located to service the major markets of the Midlands, North West, and Wales
- Strong labour availability with extremely competitive costs
- Buildings will be developed to a high environmental specification
- Targeted BREEAM Excellent and EPC Rating A, maximising opportunities for the buildings to be Net Zero Carbon in Operation

People to power your business

Highly competitive labour costs and a skilled workforce in aligned trades

£565.70 gross weekly pay in Newcastle-Under-Lyme (Ave. £640.00 UK)

26,000 employed in distribution in the local area (7.5% vs 5.1% UK)

6.7m people economically active in the West Midlands and North West

38,500 employed in manufacturing (10.1% vs 8% UK)

NOMIS July 2023

A highly attractive region for business, see the "We are Staffordshire" website for further details:

CHATTERLEY PARK | STAFFORDSHIRE ST7 1UN

Approximately 3.2 million people within a 45 minute commute of the site.

Master Plan

UNRESTRICTED BUILDING HEIGHT SITE-WIDE

Site plan is indicative.

Unrestricted development height

10.5 MVA power secured site wide. Further capacity available

Up to 50KN/M2 floor loading

Open plan offices

20% EV charging points

Target BREEAM rating of 'Excellent'

Target EPC Rating of 'A'

Plot A 518,280 SQ FT

Capable of accommodating in excess of half a million square feet and with no restrictions on height, **Plot A** at Chatterley Park is one of the largest opportunities by volume on the UK market.

Indicative Accomodation	sq ft	sq m
Warehouse	490,188	45,540
First floor offices	12,270	1,140
Second floor office	12,270	1,140
Hub offices	3,552	330
Total GIA	518,280	48,150

VIEW CROSS DOCK OPTION HERE:

Unrestricted development height

46 Dock level loading doors

4 level access doors

60m single yard cross-dock options

497 Car parking spaces

84 Trailer parking spaces

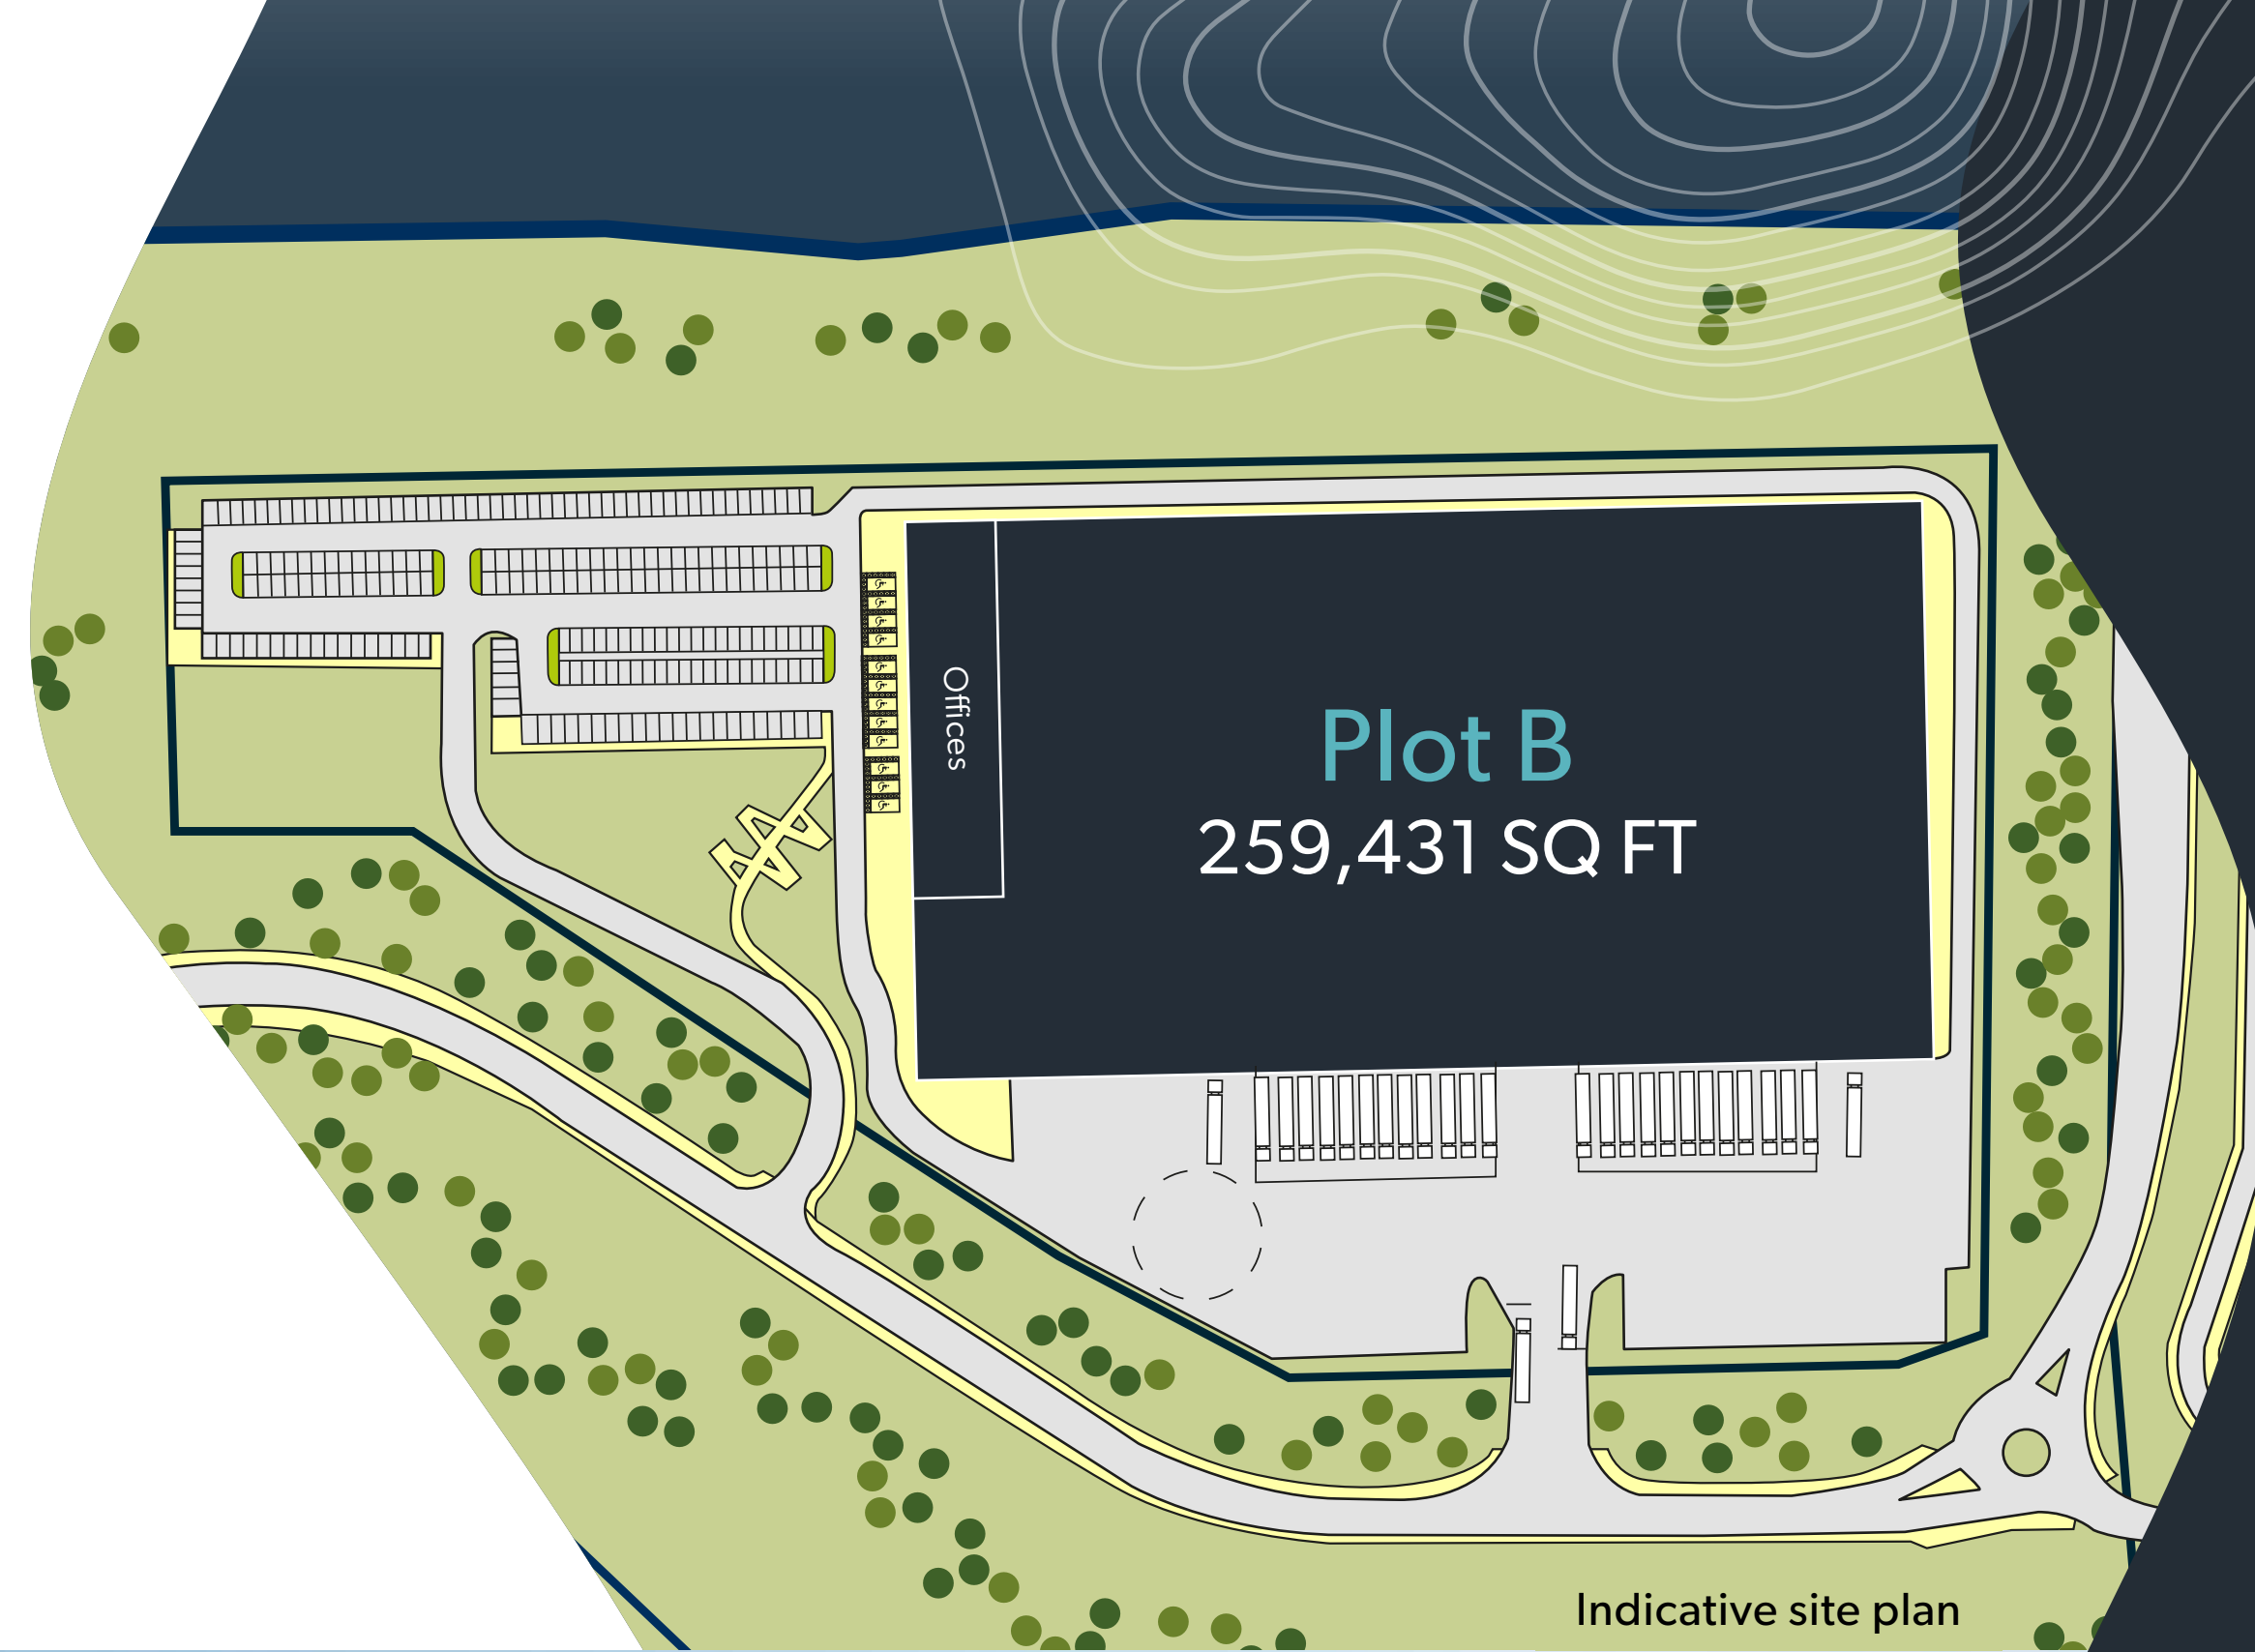

4.1 MVA Power. Further capacity available

Plot B 259,431 SQ FT

Plot B can accommodate a large scale single unit up to 259,431 sq ft. With no restrictions on height and with generous power, the plot is ideal for a multilevel or automated warehouse.

Indicative Accomodation	sq ft	sq m
Warehouse	245,993	22,848
First floor offices	12,800	1,190
Hub offices	688	64
Total GIA	259,431	24,102

Unrestricted development height

24 Dock level loading doors

2 level access doors

55m secure service yard

253 Car parking spaces

37 Trailer parking spaces

2.5 MVA Power. Further capacity available

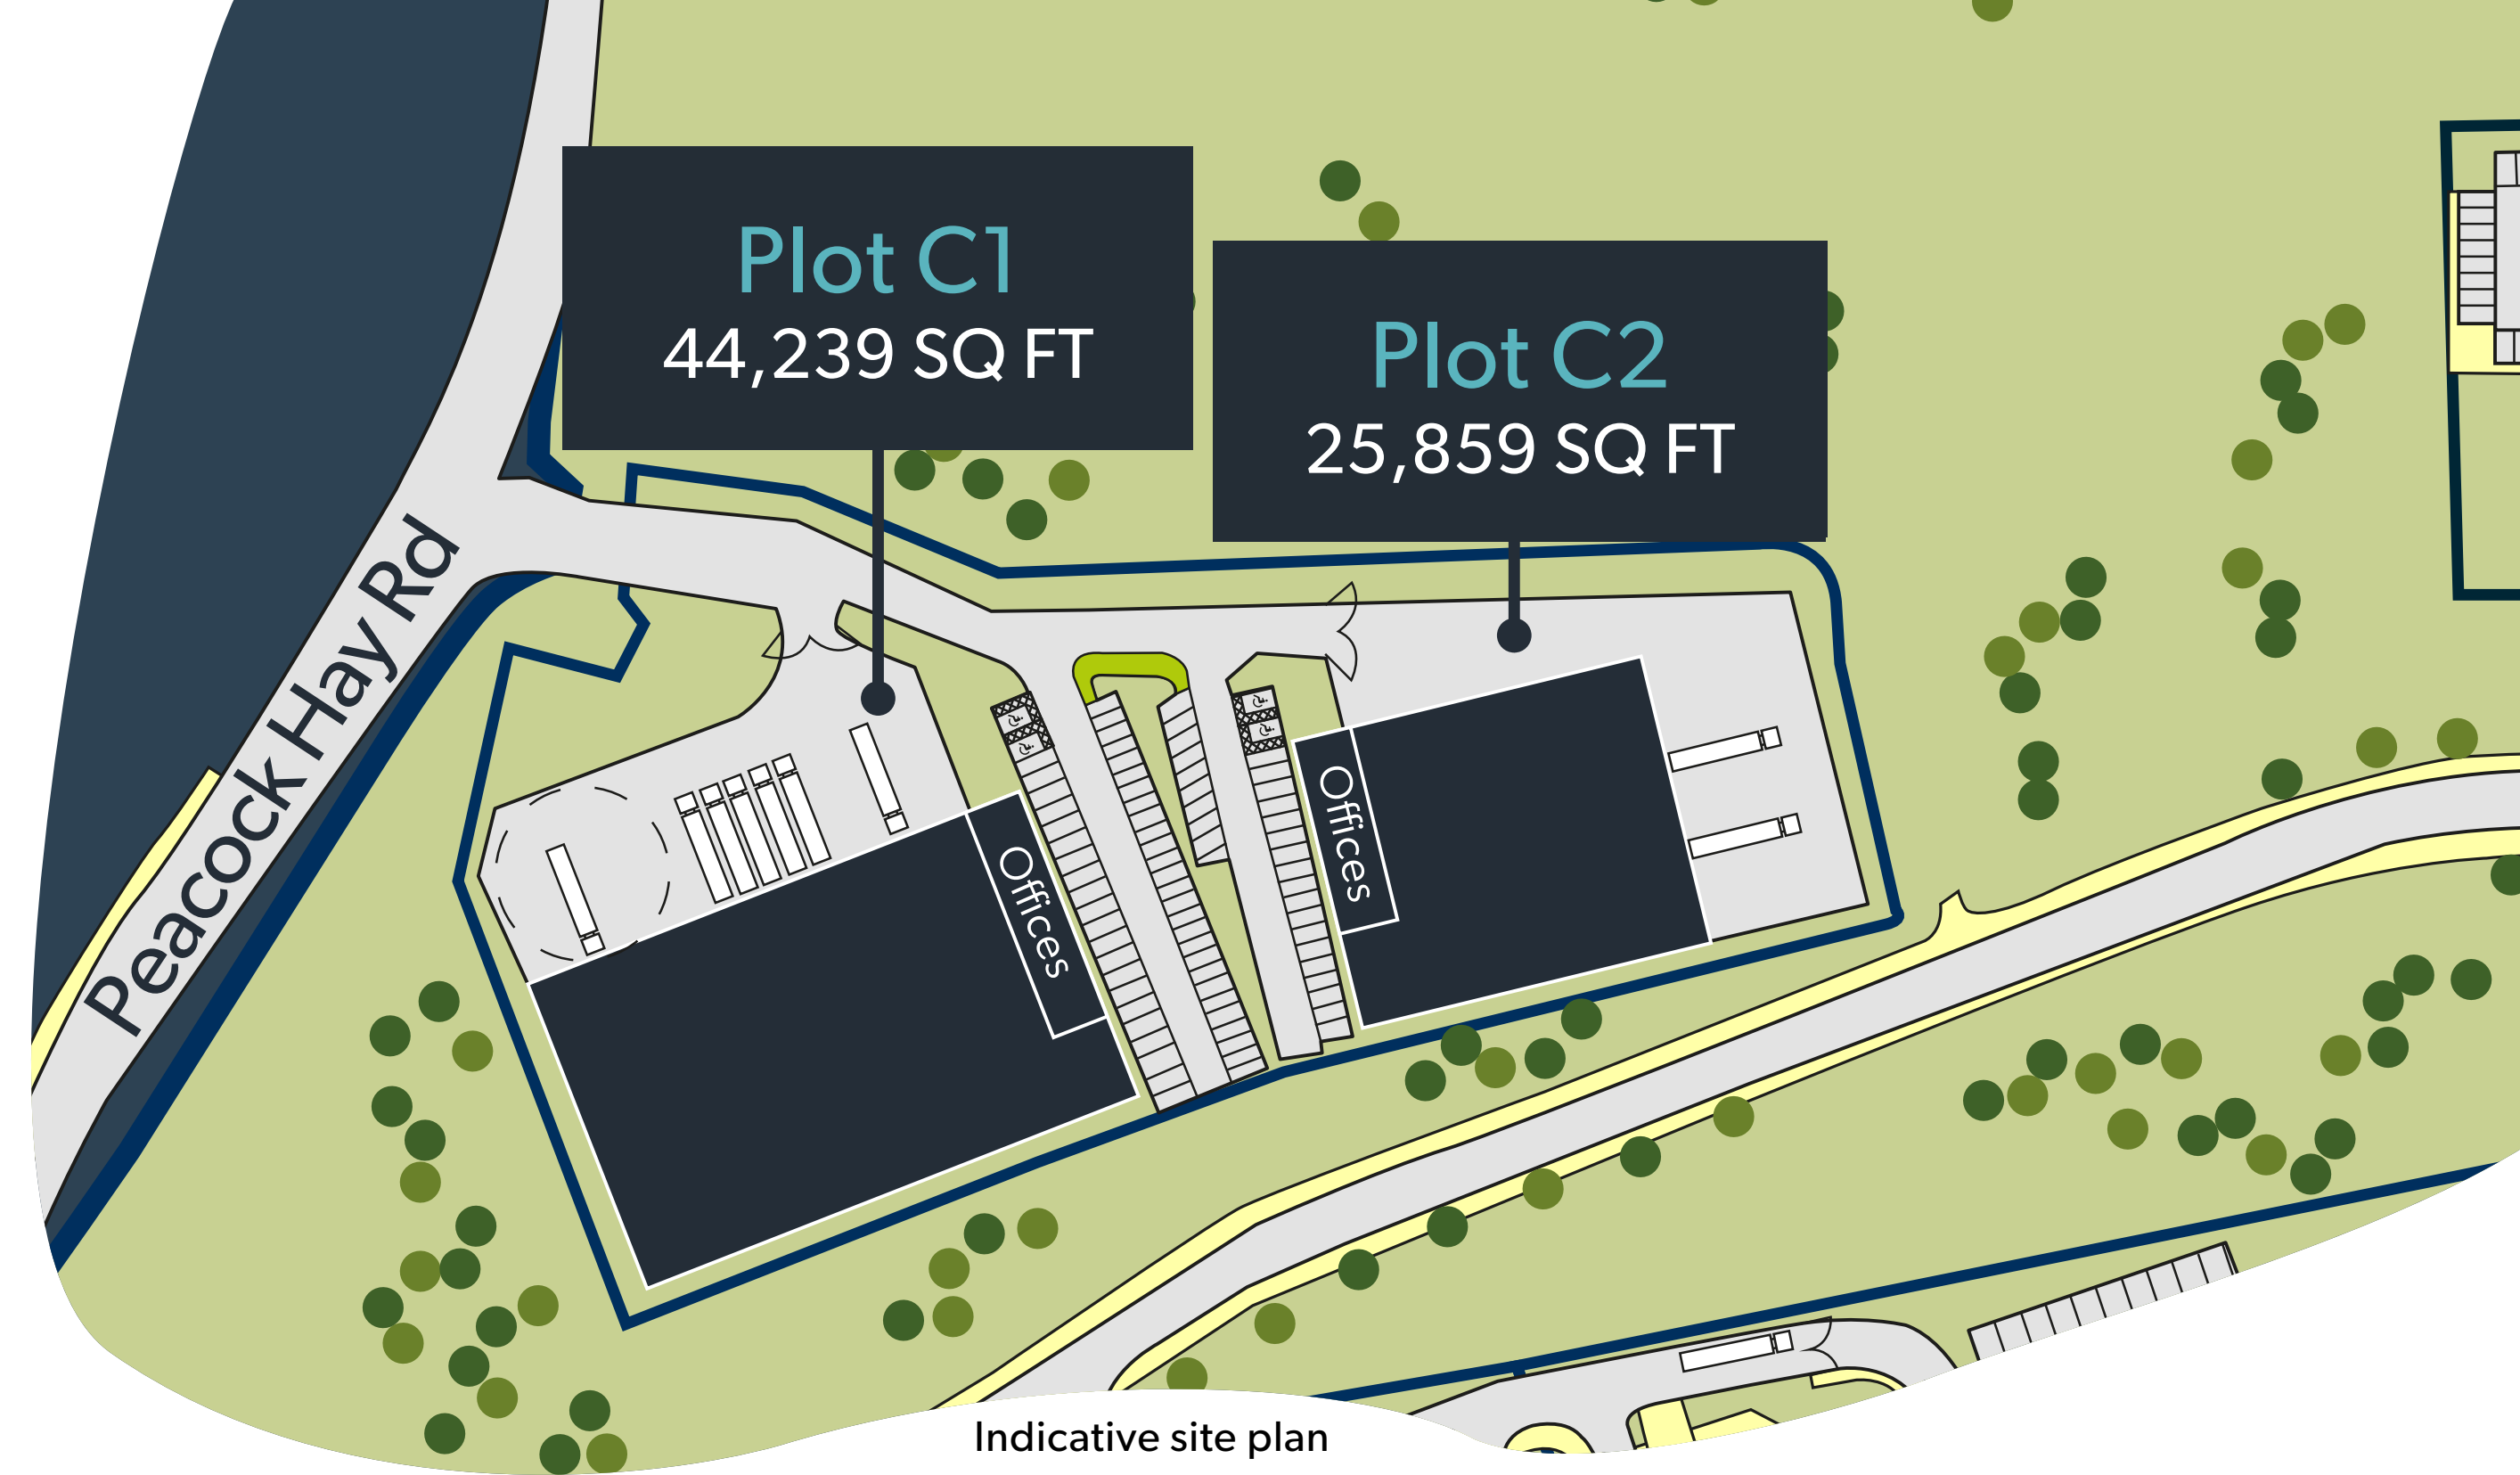

Indicative CGI of Plot B

Plot C1 44,239 SQ FT

Plot C2 25,859 SQ FT

Chatterley Park is the ideal location for businesses looking to relocate. **Plot C** offers two opportunities ideal for logistics or industrial occupiers.

Built to a grade-A specification, the units will benefit from separate secure goods yards and car parking, plus first floor fitted offices.

Dedicated access to both plots

Level access doors to both plots

20% EV charging points to both plots

0.5 MVA to both plots

Sustainability

Every Harworth build performs beyond statutory efficiency and consumption requirements.

The latest low carbon technologies are included within our standard specification. As a result, a Harworth building uses less energy and creates less emissions. Rainwater harvesting, low flow sanitaryware and leak detection also reduce water usage.

A commitment to durability ensures our buildings will be useful for longer. And when the end finally comes, we specify materials with the maximum recycling potential.

LED lighting

- ✓ Ready for net zero carbon in operation, contributing to your net zero journey
- ✓ Enhanced building fabric to exceed Building Regulations for energy efficiency
- ✓ Roof mounted photovoltaic array providing up to 100% power to the office space
- ✓ Building structure ready to accommodate photovoltaic array up to 60% of roof area
- ✓ 15% roof lights, reducing daytime lighting energy costs
- ✓ LED lighting as standard to minimise energy usage and reduce emissions
- ✓ High efficiency Air Source Heat Pumps (ASHP) heating and cooling the offices
- ✓ Water conserving sanitaryware
- ✓ Water leak detection to save water costs via pipe bursts
- ✓ Sustainable drainage to manage water quality and protect local watercourses
- ✓ EV chargers to 20% of spaces with capacity for additional chargers to be installed
- ✓ Ducts to 100% of parking spaces
- ✓ Use of locally sourced recycled and natural products where possible
- ✓ Construction waste minimised by recycling, reducing road miles and land fill

About Harworth

Harworth Group plc is one of the UK's leading land and property regeneration companies, owning and managing over 14,000 acres on around 100 sites in the North of England and the Midlands.

We transform former industrial sites and urban edge extensions into new homes and employment areas; creating sustainable places where people want to live and work.

Our flagship sites, such as Waverley in Rotherham and Logistics North in Bolton, are of national economic significance and are at the forefront of regeneration in the UK.

Our people are every bit as important as our land and are central to our success. We have a highly experienced team of property professionals including surveyors, planners, engineers and project managers, as well as finance, legal, communications and support staff. With our ambitious growth strategy to be a £1bn business by 2027, we now employ over 100 people across our four offices at Rotherham (Head Office), Leeds, Birmingham and Manchester, each supporting our regions across the North of England and the Midlands.
